Andy Weir's ability is showcased by exquisite portrayal of a story woven around a person who was stranded on Mars. The story covers up the hurdles faced by Mark Watney when he was deserted accidentally on the surface of Mars during their space mission. Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
