American Education/McGraw-Hill, Columbus, OH, 2002. Soft Cover. Book Condition: New. BRAND NEW COPY w/trace wear to upper spine edge of softcover. Excellent compendium of answers to questions frequently afloat in the minds of 4 - 8th graders, but left unanswered in busy days . such as why don't we fall off the earth? how are rainbows formed? what is "infrared". Fine supplement to formal education, home-schooling, and for the family at large.
