While debating whether to reveal his secret identity to Valerie, Gabriel s personal plans are put on hold when darkness descends upon the city, each building, street and alley covered in a strange black cloud akin to those from the Doorway of Darkness. Only these clouds didn t descend from the sky. They came from a mysterious shadowy being known as Bleaken. With the city under the tyrant s control, pandemonium ensues and violence erupts on the streets. Screams, gunshots and sirens fill the air; fires are lit, blood is shed and people begin to die. Axiom-man must navigate the darkness and put an end to Bleaken s reign of terror before the entire city is destroyed under a veil of black clouds and violence. Meanwhile, having grown closer as friends, Valerie races into the dark, trying to find Gabriel to make sure he s safe, only to succumb to a band of madmen on the way that take her down a tunnel of torture and despair that threatens her sanity and soul. If she doesn t escape, her fate will be sealed and she will meet an end worse than death. With all hope lost and the city covered in a sea of black clouds, Axiom-man must learn what it takes to truly shine as a light in a dismal place and stand strong against the tides of darkness emanating from all sides.
