Heritage House Publishing Co Ltd. Paperback. Book Condition: new. BRAND NEW, Head On!: Collisions of Egos, Ethics and Politics in BC's Transportation History, R.G. Harvey, In a province where mountain ranges are at odds with road and rail builders, and its capital city and a large portion of its population are on an island, its no surprise that the provision of an effective transportation system has been a challenging undertaking -- or that mistakes have been made. In many cases, BCs political leaders not only didnt solve problems, they added to them. And many of the mistakes that were made resulted from premiers exploiting their time in office to further their own political preferences, theories, and agendas. This insiders examination looks at premiers errors and exploitations, along with their triumphs and achievements, from the first days of the provincial government. Whether it be trouble with bridges (premiers Prior and Pattulo), railways (McBride and Bennett), or ferries (Clark), Harvey calls it like he sees it.
