## Genius Mathematician: Integral Private Class

By Milad Hashemi

Supreme Art, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.After a few years of experience in solving various problems of integration and dialogue with different students, I realized that their main problem in solving problems of integration, lack of control over basic topics in mathematics. Therefore at the time of writing this book this discussion was my priority and wrote a different book. In fact by reading this book, in addition to integration, you will be familiarized with many other basic topics of mathematics, such as trigonometry, logarithm and exponential functions, absolute value function, the laws of exponents and radicals, differentiation, differential and. Also in the second chapter there are 95 unique problems with detailed responses through which there will be no need to refer to other sources. In fact, this book is like being in a private mathematics class that helps you to make progress in mathematics, especially integral discussion and I can assure you that after reading and mastery of this book, the integral discussion will no longer be difficult and unfamiliar to you. In the end I appreciate you for choosing this book...
